

Architectural section drawing of a building facade. The drawing shows a series of windows and doors. The height of the first window is dimensioned as 3.25. The height of the second window is dimensioned as 3.25. The height of the third window is dimensioned as 3.10. The drawing is a black and white line drawing with a stippled pattern for the ground area.

This architectural section drawing illustrates a building facade with a series of vertical elements, possibly columns or panels, supported by a base. The drawing includes the following dimensions and features:

- Overall Height:** 3.25
- Panel Height:** 3.10
- Panel Width:** 3.25

The facade is composed of several vertical panels, each featuring a grid-like pattern. The base of the structure is shown with a textured, stippled pattern, suggesting a foundation or ground level. The drawing is a technical representation of a building's exterior structure.
